Verse 1

G
Tires on the sidewalk
G
Sun up in the sky
G
Joey's got a backpack
G Am
Full of things we shouldn't need but might

Am
Sam is riding faster
D7
Like there's somewhere we should be
D7 G
Rach is running next to us
G
Because apparently leashes are a theory

Am D
There's a creek behind the ball field
D
There's a rope tied to a tree
C G
There's a whole world past the corner
G
And it's waiting there for me

Pre-Chorus

Am
No map, no plan
Am D
Just a couple bucks to spend
D C
And enough July in front of us
C G
To get lost and back again

Chorus

Em Bm
We got all day
Bm C G
We got nowhere we gotta be
G Am
Just wheels on the pavement
Am C D G
And the whole wide world to see

G
We got all day
Bm C
Till the shadows get long
Am D7 C
A little time to leave some good
C G
Everywhere we roll along

G
Pick somebody up
Bm
Put something right
C Am D
Leave it better than we found it
C G
Before we say goodnight

G
Come on, come on
G
What are we waiting for?
Bm C
We got all day

Verse 2

```
          C
Found a little kid crying
       G              C
With a chain slipped off his bike
      C       D7
Joey flipped it upside down
G
And said, “I think I know this type”
      G
Sam gave him her water
 G            Am
I got grease across my shirt
          Am    D
Then we picked up all the bottles
            G
Somebody left there in the dirt
         G
Nobody made us do it
G
Nobody kept a score
   Am                          D
We just figured if we found it worse
          D                    G
We could leave it something more
       G
Then somebody yelled, “Creek!”
         G
And that was all it took
       Am
Three bikes hit the gravel
       D7
Rach went swimming without looking
```

Bridge

G
Maybe good is something simple
G
Something anybody can
G
Doing what you know is right
G **C**
Just because you know you can
C **D** **G**
Jesus said good trees grow good fruit
G
Guess that's one way you can tell
Am **D**
What's growing down inside of you
D **C**
By what you leave somewhere else
G
So plant a little something
G **Am**
Everywhere you go
Am **C** **D**
You might never see what happens
D **G**
You don't have to, just let it grow
Bm
[Break]
Bm
[distant thunder]
Em
Was that thunder?
Em
[Sam:] Yep.
Am
How far are we from home?
Am
[Joey:] ...Define “far.”

Final Chorus

G
We had all day
G **D7**
Now we're racing down the street
D7
Rain coming sideways
D7
Water flying off our feet
G
We had all day
G **Bm**
And we used up every bit
C **D7**
Got a little dirtier
D7 **C** **G**
Left a couple things better than we found 'em
G **Bm**
Picked somebody up

Put something right

Came home soaking wet
D **G**
Before the streetlights

Almost.
G
Come on, come on

There's tomorrow on the way

And maybe we can leave a little good

Every day

Nobody say anything about the creek.
G **Am** **G**
[Rach shakes water everywhere]
G
...Rach.
